**DFTU invitation to site visit to the Fehmarnbelt tunnel construction site**  
**Thursday 21 November 2024 at 12.00 - 19.00 hrs.**

DFTU is pleased to invite you to a site visit, co-organised with the Danish Geotechnical Association, to the Fehmarnbelt tunnel construction site.

The fixed Fehmarnbelt link will be an 18 km long immersed tunnel connecting Denmark and Germany across the Fehmarnbelt. 89 tunnel elements are produced at Northern Europe's largest construction site at the production facility of unprecedented scale in Rødbyhavn.

The visit will include a presentation and guided tour of the Femern A/S Exhibition Centre followed by a site visit to the impressive production Hall C.

**Bus transport will be arranged from Femern A/S, Vester Søgade 10 in Copenhagen.**  
**Should you wish to drive yourself, this must be informed upon registration.**

---

**Programme:**

12.00 - 14.00 Transport from Copenhagen to Rødby

14.00 - 15.00 Presentation and guided tour of the Exhibition Centre, Havnegade 2

15.00 - 16.15 Distribution of PPE and transport to site

16.15 - 17.00 Visit of production Hall C on the two platforms

17.00 - 17.15 Transport back to Havnegade 2 where the visit ends

Transport back to Copenhagen - sandwiches will be served, which can be taken on the bus
