NGM 2027

20th Nordic Geotechnical Meeting

Shared history - Shared future

Welcome to the 20th NGM - in Oslo!

In 2027, we invite you to Oslo to build on our shared history and collectively shape the future of geotechnical engineering - focusing on sustainable solutions, digital development, climate adaptation, risk and resilience, construction and monitoring, soil behavior, as well as offshore and energy geotechnics.

When: **19th -21st May 2027**

Where: **Quality Hotel Hasle Linie**

On May 19th, we invite you to join us for an exclusive tour with dinner, drinks and stunning views of the Oslo fjord on MS Brisen, a 100% electric Catamaran!

Call for abstracts

We warmly invite all engineers, practitioners and researchers to submit abstracts. Submission deadline is 1 September 2026.
